

April 2017

Spring is here!
and even if it doesn't look like, it is a matter of time until
the sun starts to shine in the great blue!

Minister for Science and Higher Education visits ITER

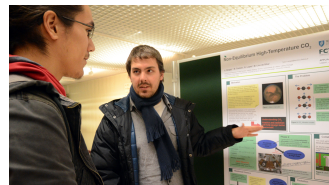

The Portuguese Minister for Science and Higher Education, Prof. Manuel Heitor visited ITER with a representative of FCT directive board, Prof. Isabel Ribeiro and a delegation of Portuguese research institutions and companies.

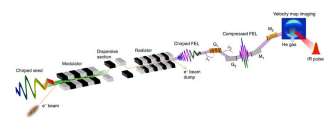

**From fusion to
painting with light**

**The new VOXEL
metrology station is
ON**

**And so was the first
APPLAuSE
Workshop 2017**

**Bruno Gonçalves
takes office as
President of IPFN**

**Towards gigawatt
sub-femtosecond
pulses in the water
window**

**ISTTOK and L2I
welcome secondary
school students**
