

## FIRST ANNOUNCEMENT

# 9<sup>th</sup> International Reflectometry Workshop (IRW9)

4<sup>th</sup> - 6<sup>th</sup> May 2009

Instituto de Plasmas e Fusão Nuclear (IPFN) do Instituto Superior Técnico (IST), Lisboa, Portugal

Organized in co-operation with the International Atomic Energy Agency (IAEA)

The main objectives of the workshop are to review the latest experimental results in reflectometry (profile and fluctuations studies) as well as new technological developments and advances in the broad area of theory and simulation codes.

Presentations of 30 minutes are planned, including discussion. The format of the workshop should be kept informal. Contributed papers are requested and the proceedings will be published on the web and distributed to the participants on a CD.

Arrangements for accommodation will be made at hotels AS Lisboa and Holiday Inn, both at walking distance from IST, at special workshop rates.

Attendance at the Workshop is open to all. No registration fee will be charged.

The second announcement requesting submission of abstracts will be distributed in February 2009. However, to assist in preparatory arrangements we would appreciate if you could give an early indication (by email or fax) of your interest in participating in the Workshop by providing the following information:

*Name:*

*Affiliation:*

*Topic Area:*
